"THE CARTER CASE,"  
At Grand Central Theatre.

"The Carter Case," a Craig Kennedy Serial to be shown at the Grand Central Theatre commencing July 20th, and continued for 15 weeks. Sholly Carter's immense fortune has been made out of the Carter Dixon Coal and Iron Mines in Tennessee. Competitors are mysteriously stealing Carter's trade formula. To elude his enemies, Carter has fitted up a secret room over the huge pipe organ in his New York mansion where he lives with his daughter, Anita. A sinister hand seems to reach forth out of Carter's dark past, hounding him to his doom. The very day before Anita's eighteenth birthday he receives a message telling him he shall die, in order that the Carter Dixon fortune may be restored to its rightful owner. This message is signed "Avion." Carter is killed. No one knows how or by whom. From that moment on his daughter, Anita, becomes the victim of the enemies.

But the famous detective, Craig Kennedy is Anita's champion. Love Anita Spurs Kennedy to triumph. Love also, is power which Cleo Clark the arch plotter, exercises wickedly over her toes Dixon, Mason and even Kennedy's closest friend, Jameson.

But Cleo, the tigress spurs them all when infatuation for Kennedy weakens her purpose to gain the fortune. Jealous of Anita, whom she knows Kennedy loves, causes Cleo to turn her plots against Anita's person. Only Kennedy's masterly counterplotting brings about Cleo's final defeat.

Kennedy reaps his reward in Anita's love. His friend Jameson cured of his infatuation for Cleo, finds happiness with Anita's friend, Julie.

## To Make Mother-of-Pearl.

The secret of another German key industry has been discovered, the manufacture of artificial mother-of-pearl. J. W. H. Dues, a fellow of the Royal Society of Arts found the process after much patient experimenting.

Doctor Dues was engaged during the whole period of the war in reconstructing, step by step, the method of manufacture.

Artificial mother-of-pearl is used for making fancy buttons, dress trimmings and many other articles. Before the war most of it came from Germany.

## Farmers' Loan in Jamaica.

The agricultural loan bank movement was initiated in Jamaica in 1912 to provide relief for the small planters of sugar, bananas and coconuts whose holdings were injured in the destructive hurricane and drought of that year.

## Where East and West Meet.

As soon as I looked him over I knew from his frank, engaging smile, his openwork countenance and his free-and-easy clothes, where he was from. "Yes," he said. "You've guessed it. I'm from the West."

"And you look down upon the East," I ventured. "You regard New York as essentially provincial—believe that the Atlantic seaboard is infested by a species of human being with ingrowing culture, with mock intellectualism, with narrow mentality, indeed with no natural, healthy, broad outlook on life."

"But I enjoy my yearly visit," he said, pleasantly.

"Certainly you do," I replied. "You are wise enough to overlook the self-satisfied stupidity of the easterner, and there are opportunities for realization not afforded in the West. You can be vibrated in New York in many keys."

He shook his head.

"You haven't got me at all," he said. "There is, of course, something in what you say. But that is not why I really like the East."

"Then why?" I asked.

"Because," he replied, pleasantly, "in traveling through the East I always meet so many Westerners."—Chester-ton Todd, in Judge.
